*"Wow, this year has gone by sooo fast and she has changed sooo much.. All these photos are awesome!! Thank you for creating such a beautiful memory of our baby's first year."*

Nervous about investing in Professional Portraits? DON'T BE!  
All our portraits come with the following risk-free guarantee:

**1st...** If for any reason you are not thrilled with the images from your session, just tells and we will make more to your liking.

**2nd...** If your finished portraits aren't exactly as you thought they'd be, let us know and we will have them remade to your satisfaction.

After 30 days it is assumed that the portraits meet your expectations, and any remakes after that time will be done at normal prices.

# Q & A

## What are the best ages for the sessions?

Around **4 months**—when they can lay on their tummy and lift their heads up strongly. (give them tummy time!)

Around **7-8 months**—sitting up easily on their own.

**1 Year**—of course! Within a week or two of their birthday.

## What days & times are available for the session?

Appointments are available Tue—Fri from 9—5.

Be sure to plan for your baby's happiest time of day!

## How do I choose my portraits?

1. We will set up a "View & Order" appointment for you.

**IMPORTANT:** Anyone involved in the decision making should come along. (Spouse, Gma, etc.)

2. We will select your favorites and put together your order.

3. You'll have a few days to review the order; make sure you are happy with it... check that you haven't forgotten anyone.

## What about pictures for Facebook?

The size of you order will determine how many facebook images we'll be sharing with you. Be sure to "Like" Dave Samples.

## Can I copy my pictures?

**NO!** All your images are copyrighted by Lasting Images Photography, Inc. Federal Law prohibits you from scanning them, taking pictures of them with you camera or cell phone or any other recording device, even to put them on Facebook. Violators will be found out, and the will be prosecuted, so don't try it!

You chose us because you like what we do - copying always makes the photos look worse and puts us both in a bad light. Thank your for respecting the Copyright Law.
