Style your Session

A free planning session is recommended.

What is your style? Think about what this portrait will say about you and your family. Are you thinking about a "Sunday best" formal portrait... Or a casual, interactive look? Do you prefer indoor or outdoor portraits? We have beautiful gardens right out our back door so weather permitting it's a great place for portraits.

On location or storytelling portraits: Is there a place or activity that really tells the story of you and your family? It can be something as simple as reading together or perhaps hikes down along the river.

Tips for a better portrait

Well coordinated clothing is a must!

Everyone needs to be in similar colors and tones! You don't want one member to dominate the family due to the tone or pattern of their clothes. Please ask for a clothing tips brochure or better yet schedule a consultation time with our staff. More tips at:
